

CTC Source Protection Committee Member - Biography

Beth Forrest

MECP

Beth Forrest represents the Crown as the Provincial Liaison Officer for CTC and six other source protection committees. She began working for the Ministry of the Environment, Conservation and Parks in 2008 and has had several roles during that time, all related to water protection. She became a Liaison Officer in 2014, working with stakeholders to support source protection and assisting provincial government ministries with implementing source protection plan policies. She has been the Liaison Officer for every single source protection committee in the province at one point in time.
